2. Power LED indicator  
3. Earbuds indicator (Microphone)  
4. Charging port

**Wearing method**

Gently insert the earbuds into the ear then adjust the appropriate comfort.

**Basic function**

**01 Power on, Wireless connection**  
-Follow the steps(Please confirm that your phone is built-in Bluetooth-function.)  
1. Power on  
a)Method 1: Open the charging case and take out the earbuds.The earbuds enter the pairing mode automatically while the indicator of one earbud flashes white light slowly,the other don't flash light.  
b)Method 2: If earbuds are power off outside the case,long press the MFB for 3s on both sides to turn them on.  
2. Turn on Bluetooth-function on your device and select "INNO HIT TWS03" referring to your phone instructions.The indicator of earbuds turns off if the earbuds successfully paired.Pairing mode can just last 180 seconds.If you miss the pairing time,you need to restart the device and operate follow the procedural steps mentioned above.

\*Note:  
a).INNO HIT TWS03 remembers previously connected devices.When turned on,earbuds attempts to reconnect to previously connected devices.

b).INNO HIT TWS03 will disconnect when deviate the working range of Wireless.The earbuds will reconnect automatically if you come back to the range in 3 minutes.

**02 Power off**  
a)Method 1: Put the earbuds into the charging case and close the case,they will automatically shut off.  
b)Method 2: Long press the MFB for 5s on both sides to turn them off.

**03 Answering incoming calls**  
Double tap the left or right MFB to answer incoming calls.

**04 End the call**  
Double tap the left or right MFB to end the current call.

**05 Decline incoming call**  
Long press left or right MFB for 1s to reject a call.

**06 One key for voice assistant**  
Both earbuds work:Triple tap the left MFB to activate voice assistant.  
Single earbud work:Triple tap the MFB of working earbud.

back side  
反面

**07 Switch on/Switch off Game mode**  
Triple tap the right MFB to switch on/switch off game mode.

**08 Music playing**  
1. Play/Pause:Double tap the left or right MFB.  
2. Previous song:Long press the left MFB for 1s.  
3. Next song:Long press the right MFB for 1s.  
\*Note:If only one earbud works,long press left or right MFB for 1s to switch to next song.

**09 Charging Case**  
Charge the case using the Type-C cable connected to a computer or wall charger.When the case is charging,the orange light of the case flashes light slowly,and turns steady orange after fully charged.

**10 Mono mode (Take out any earbuds as a unilateral Wireless earbud.)**  
(Note:Single channel mode only needs to remove one of earbuds from the charging box,if two earbuds are removed before connection,the earbud will be used in TWS

mode by default,and the TWS connection will be automatically realized.)  
1. Take out one earbud from charge case,the earbuds automatically turn on and reconnect to previous connected devices.  
2. Switch from one earbud to the other earbud when playing music,taking out the other earbud from the charging case and these two earbuds will connected automatically.Both earbuds will play music automatically and then put the earbud which do not need anymore into the charging case and the switching process completes.  
(Note:Call mode is applicable.)  
3. Please refer to the TWS mode for more functions.

**11 Restore factory settings**  
If the earbuds can't pair frequently,please restore the factory settings.Open the charging case and take out the earbuds, press the MFB of the earbuds four times,the indicator of the earbuds flashes for 3 times,the earbuds will enter the pairing mode again,search the "INNO HIT TWS03" Wireless pairing name with the mobile phone and connect again.
